My interests

Web Design and Web Developer and I work with **Wordpress** myself

Operator Computer **hardware**, such as **Servers**, **desktops** and **data Storage units**.

UI (User Interface) is one of my best Favorites, and A good graphical user interface should be easy to use and understand for everyone. The first step to designing inclusively is getting to know the users and understanding their needs. This helps **UX designers** create a product that is flexible, functional, and enjoyable for all.

I'm currently practicing **English** Language

Attending the Dubai International Convention and Exhibition Center Seminar on CCTV

Certificate of attendance at the conference and seminar of CCTV cameras of Qalam Chi Systems Company

Network+ Certificate

issued by Cando educational institution, Tehran,
